

Road Improvement District Plan Minutes Jan 30th 2020

District? Go big or go home? Or should we be looking at smaller improvement districts? We are allowed to have multiple Road Improvement Districts at the same time. We could have a trial district? Maybe that would get more people interested if one goes through and it works.

Doug will be setting up a meeting with the Planning and Zoning (Keiko Mercado?) and Matt Keali'i-Kleinfielder

Suggestions: Fix pavement that is already there, pave lettered roads, gravel numbered roads with exception of 1 and 8.

We want to send out some options with HACA mail out for people to *vote* on to see where the interest is at.

We discussed the county's connectivity plan as it pertains to Hawaiian Acres and what roads they are wanting to pave.

Sending out the ballots: along with HACA dues reminder, put TMK on it and send it back, we still need to formulate questions for the ballot and need to explain in short what it is we are asking for and why.

We will rent a box just for ballots along with outside *ballot counters*

Next meeting is Thursday Feb 6th at 6 (which was cancelled and rescheduled to Tues Feb 11th at 6

No agenda was proposed for next meeting
