

Hawaiian Acres Community Center Restoration Week ending May 27, 2023

Aloha,

This week we made visible progress on our Community Association's Building Restoration Project. We received the go-ahead from Hawai'i County to demolish the old Community Center. The original center had stood for over 50 years. Unfortunately, it will soon be a memory.

Our Board of Directors has been reviewing new building design ideas. The goal is to make the new center more accessible and to serve our community's needs better. Watch for future posting of the design prints as soon as they are available.

In the meantime, here are some pictures of phase one of our Hawaiian Acres Building Restoration Project.

Mahalo,
Doug Schabell
