March 22, 2021

County of Hawai'i - Corporation Counsel
101 Aupuni Street, Unit 325,
Hilo, HI 96720

To Whom it May Concern:

On behalf of the Hawaiian Acres community, we, the Hawaiian Acres Community Association (HACA) and the Hawaiian Acres Road Corporation (HARC) formally request a feasibility study for an Improvement District with the purpose of improving roadway infrastructure within the Hawaiian Acres Subdivision.

In April 2020, a survey (attached) was sent to the Hawaiian Acres Community indicating over 80% of the 700 respondents were positive about the Improvement District. Additionally, in March 2021, HACA and HARC voted unanimously in a joint executive meeting to proceed with this next step.

This is an opportunity to understand how to best move forward to improve our infrastructure. Thank you for your time and consideration.

Sincerely,

Doug Schabell | President, HACA
Geneva Jackson | President, HARC
